**PETITION TO INTERVENE OF  
AARP**

---

Pursuant to K.R.S. §278.310 and 807 KAR 5:001 Section 3(8), AARP requests that it be granted full intervenor status in the above-captioned proceeding and states in support thereof as follows:

1. AARP is a nonprofit, nonpartisan membership organization dedicated to making life better for people 50 and older. AARP has more than 483,000 members in Kentucky, with members residing throughout the state and representing all segments of the socio-economic scale. AARP members are a meaningful cross-section of the consumers that are served by Louisville Gas and Electric Company. Moreover, a substantial percentage of AARP's members in Kentucky live on fixed or limited incomes and have a direct interest in the rates charged for energy services, particularly in light of the rapid and significant increases in energy prices for all residential customers in recent years.

2. The matters being decided by the Commission in this case may have a significant impact on AARP's members' understanding of the new tariff regarding the timing of the rendition of payments for the Company's bills. Moreover, the new tariff may even affect the ability of AARP's members to pay the

rates charged for electricity and natural gas services. Indeed, natural gas and electricity represent a significant cost of every day living for AARP's members.

3. The AARP staff authorized to represent it in this proceeding and to take service of all documents are:

E-Mail: [CHannon@aarp.org](mailto:CHannon@aarp.org)

4. The position of AARP cannot be adequately represented by any existing party. AARP intends to play a constructive role in the Commission's decision-making process herein and AARP's participation will not unduly prejudice any party.

**WHEREFORE**, AARP requests that it be granted full intervenor status in the above captioned proceeding.

Respectfully submitted,
